Dear Sisters and Brothers in Christ,
Today I am sharing with you Rev. Molly Baskette's Ten Reasons Why You Should be Going to Church from her book *Real Good Church: how our church came back from the dead, and yours can too.*

10. Coming to church doesn't mean you have no doubts about God or faith or religion. It means you have a place you can share with people who have their own doubts.
9. Bad stuff is going to happen in your life. A church community cannot be everything to everyone in times of crisis, but when the bottom falls out of your world, it's great to have a community to lift you back up.
8. Bad stuff is going to happen in your life, part two. The time to build a relationship with God is not when life turns ugly, and you have run out of all other options. Attending worship regularly helps build a relationship with God and others that will give you a solid foundation when the winds blow and the storms come.
7. Not all churches are anti-something. Most of us are for people, for acceptance, for hospitality.
6. Any church worth its salt has really good food on a regular basis.
5. Churches offer paint-by-number opportunities to serve. Many people would like to help the poor, the hungry and the homeless, but they don't know how to get involved, how to make the time to be involved, or what they can do to really make a difference. Churches offer you ways to plug in to help those who need it most.
4. You have a gift. Probably two or ten of them. Becoming involved in the ministry of a church will help you discover and use gifts you never knew you had.
3. Not all churches are after your money. Good churches want you to have a healthy relationship with money. Sure, churches need to pay the electric bill and the pastor, but money and the church is more about you than it is about than the church. It's about your own relationship with money. World events have proven that it's much better to put faith in God than a bank account. Church can help you with that.
2. Taking a break from our hectic lives to come to church is accepting the gift of Sabbath. We do not take Sabbath and come to worship because we have time and have finished up everything that needs to be done. We take Sabbath because it is time to stop, and we are designed to stop, rest and reflect. Those who do not are destined to crash and burn.
1. Jesus is really cool. The more you get to know him, the more you'll understand why people call his way The Way.

What is our reason for coming to church? I would love to hear from you: call, text, email.

Blessings on the journey,

Pastor Monica

NEIGHBORS IN NEED OFFERING - OCTOBER 06, 2019

Lynnhurst Church is proud to support the Neighbors in Need Special Mission Offering. We will be sharing and blessing this offering on October 6, 2019, in our worship service. Learn more about the Neighbors in Need Offering and read the stories of those who benefit at ucc.org/nin.

Poverty Initiative

Taking a stand against injustice, New York, New York's *Poverty Initiative* (PI) is a program "dedicated to raising up generations of religious and community leaders committed to building a movement to end poverty". A key element to this program is that it's "led by the poor". PI Program coordinator, Dawn Plummer, states "we seek to train and network grassroots antipoverty, church and community leaders in to re-ignite the "Poor People's Campaign" and finish the unfinished business of Rev. Dr. Martin Luther King, Jr. Given the unfolding economic crisis, such training and opportunities to join poor people's organizations and struggles together are needed now more than ever to strengthen work on the ground to end poverty and hunger."

Moreover, Ms. Plummer believes that "new victims of poverty will increasingly turn to those positioned at the community level to best meet their immediate needs, point to the moral outrage of poverty, and demand its end." During 2008 -2009, Poverty Initiative Scholars Program will train over 150 people from more than 35 low income communities. The training sessions will be convened over a series of three, four day "Strategic Dialogues" in New York City as well as a weeklong "Leadership School" which takes place in Charleston, West Virginia.

The signature event of Poverty Initiative is the Poverty Truth Commissions which are inspired by the Truth Commissions held in South Africa and elsewhere. As a 2008 Neighbors In Need grant recipient, Poverty Initiative is determined to "finish the unfinished business of Rev. Dr. King" to eradicate poverty. Additionally, in 2007-2008, PI commemorated the 40th anniversary of Dr. King's, "Poor People's Campaign" during which numerous educational and public events were sponsored. Visit www.povertyinitiative.org for more information.

Center for Artistic Revolution

In 2007, *Center for Artistic Revolution* (CAR), an organization that works tirelessly for Fairness and Equality for All Arkansans, saw many successes. They were able to see a three-year campaign win the removal of all American Indian culture and imagery that was used as mascots. CAR served as an anchor group in the coalition to defeat SB 959 within Arkansas legislative session. This bill would have prevented lesbians, gays and unmarried heterosexuals from adopting or providing foster care. It would also have prevented these individuals from adopting their blood relative's children.

Being a witness for justice, envisioning a world free from discrimination and oppression, CAR co-hosted the 1st Annual Arkansas Queer Coalition Conference continues work to increase the capacity and participation of LGBTQ Arkansans. Their work with the Citizens First Congress generated an HIV/AIDS Minority Task Force being appointed by the Governor to examine and then make recommendations regarding the disparities in access to prevention, treatment and other resources experienced by People of Color.

The organization's youth program, Diverse Youth for Social Change (DYSC) is open and affirming to all youth and young adults 14-23 regardless of race, ethnicity, gender, sexual orientation, gender identity, religion, ability, etc. Currently, DYSC has over 65 members who work in an intergenerational model that shares the power and decision making for the organization.

This "Neighbors In Need" grant recipient, partnering with their sister organization, Arco Iris Earth Care Project, will work to see that the Earth School Project is built on a land trust managed by Arco Iris. Together, they will implement rural micro enterprise projects, Child of the Earth Camps that focus on sustainable living practices and permaculture, retreats for community members, activists and organizers, a natural healing clinic, and a training school for organizing and advocacy skills.
